This 2 bedroom duplex penthouse with 2 bathrooms, 1 toilet and 91 m2 built is part of a completely renovated building with 2 modules, where the mixture of modernity and elegance make it an exclusive project with 7 houses of different types. They range from lofts, a 2-room apartment to this 2-bedroom duplex penthouse with exterior views, highlighting the penthouse for its exclusivity. All homes have been designed with modern, exterior distributions and under the use of space and sunlight criteria. The daily area, the living room and the kitchen are spacious and extend the space to the outside to offer a feeling of space and luminosity. They are attractive and functional houses, where thanks to a well optimized distribution the maximum use of the space is achieved, as well as a reduction of the passage areas in each of the houses. Taking care of every detail, each apartment is delivered completely furnished with a decoration project adapted to each apartment in its space and lighting and with a fully equipped kitchen.
