are located in the middle rows of the development, alongside large green zones, and provide direct access to the mountain trails behind. The spacious, sunny, south-facing garden and terraces offer endless views over the golf resort, lakes, and distant countryside, allowing you to peacefully enjoy the surrounding nature. Thanks to the large glass windows, the views can also be enjoyed from inside the property. Additionally, the landscaped garden can be accessed from various rooms.

Living here creates an open, fresh, and energetic environment that is guaranteed to keep you balanced. Standing in your garden gives you a mountain-top sensation, while your villa still provides complete privacy. The homes are built with nature in mind, and the partially natural stone walls give them a distinctive and warm character that helps them blend in with the mountainous area behind. Even the roofs are designed to look green from every angle, with indigenous plants providing endless greenery. Furthermore, these plants not only provide a pleasant aroma, but they also act as natural repellents to pests such as wasps and mosquitoes, ensuring maximum comfort.

The property is located in urbanization at the foot of a mountain area called El Valle, a place where your children can play outside and ride their bikes on the street without stress. Altaona Golf and Country Village is an exclusive and secure residential estate with an 18-hole golf course, paddle, tennis court, and access to kilometres of running, hiking, and cycling tracks. It offers 24/7 private security, a clubhouse/restaurant, a new restaurant that has just opened, and more services opening soon. It is 10 minutes from CORVERA AIRPORT, 10 minutes from the new commercial centre "MONTEVIDA" in La Alberca, which has many shops and amenities, 15 minutes from Murcia town, and 20 minutes from the coast.

Altaona is the place to live, enjoying tranquillity in direct contact with nature. It offers a new chapter in your life, a quality lifestyle you deserve.
